Member, Association for
Computing Machinery FEU | 2019 -
2023

Member, Google Developer
Student Clubs FEU Alabang | 2021 -
2023

Events Committee Associate,
Google Developer Student Clubs
FEU Alabang | 2022 - 2023

OTHER INTERESTS

Badminton, Basketball, Chess,
Crypto, Cycling, Gaming,
Swimming

PROFILE

I am a Computer Science major with a passion for developing solutions to real-world problems. I am seeking opportunities to apply my skills and expertise in creating innovative and impactful designs and software solutions. My goal is to contribute to companies by addressing their challenges, improving the UI and UX of their websites, and enhancing my technical skills. I am eager to gain valuable experience working in a collaborative team environment.

WORK EXPERIENCE

Tagpros Children Inc.

Apr 2023 - Nov 2023

Lead Web Developer Intern

- Implemented the mock designs made by the design and testing team to a website using NextJS, MongoDB ReactJS, and CSS.
- Collaborated with a Senior Developer to develop the Tagpros' proprietary and National Remediation Program website.
- Led and mentored a team of web developer interns, assigning tasks and guiding them in learning the Tagpros tech stack

ACCOMPLISHED PROJECTS

- **Tagpros NRP website:** a website for high-dosage tutoring to students in Public Schools around the Philippines | Lead Web Developer Intern
- **Calimlim Dental Clinic website:** a dental website that integrates appointment booking and monitoring, patient information recording, and inventory management for enhanced convenience | Front-End Developer
- **PomTimer:** a Pomodoro timer and to-do list Jetpack Compose mobile application | Programmer
- **Tagpros Proprietary website:** a learning platform where teachers create online courses on their preferred topics, and students can purchase these courses | Lead Web Developer Intern
- **License Plate Number Recognition System:** a system that uses AI to recognize Philippine License plates and reads Philippine License plate images or videos to text | Project Manager, Programmer
- **JavaScript To-Do List:** a final requirement for Bayan Academy/J.P Morgan's JavaScript Bootcamp | Programmer
- **CHAMBER:** a programming language with lexical, syntax, and semantic analyzer | Programmer
- **MOBVAC:** a website for vaccine cards in the Philippines | Leader, Programmer
